BASA PRESENTS

Marshall Alumni
PODCAST SERIES

Podcast
Marshall Alumni Podcast Series by MSBASA
Business Analytics Students Association at USC

The Problem

The Business Analytics Student Association operates without a centralized system, leading to scattered communication.

Our Mission

Our mission is to build a unified platform for USC BASA that streamlines BASA communication, enhances student engagement, and fosters meaningful connections between MSBA Students.

User Personas

The General User

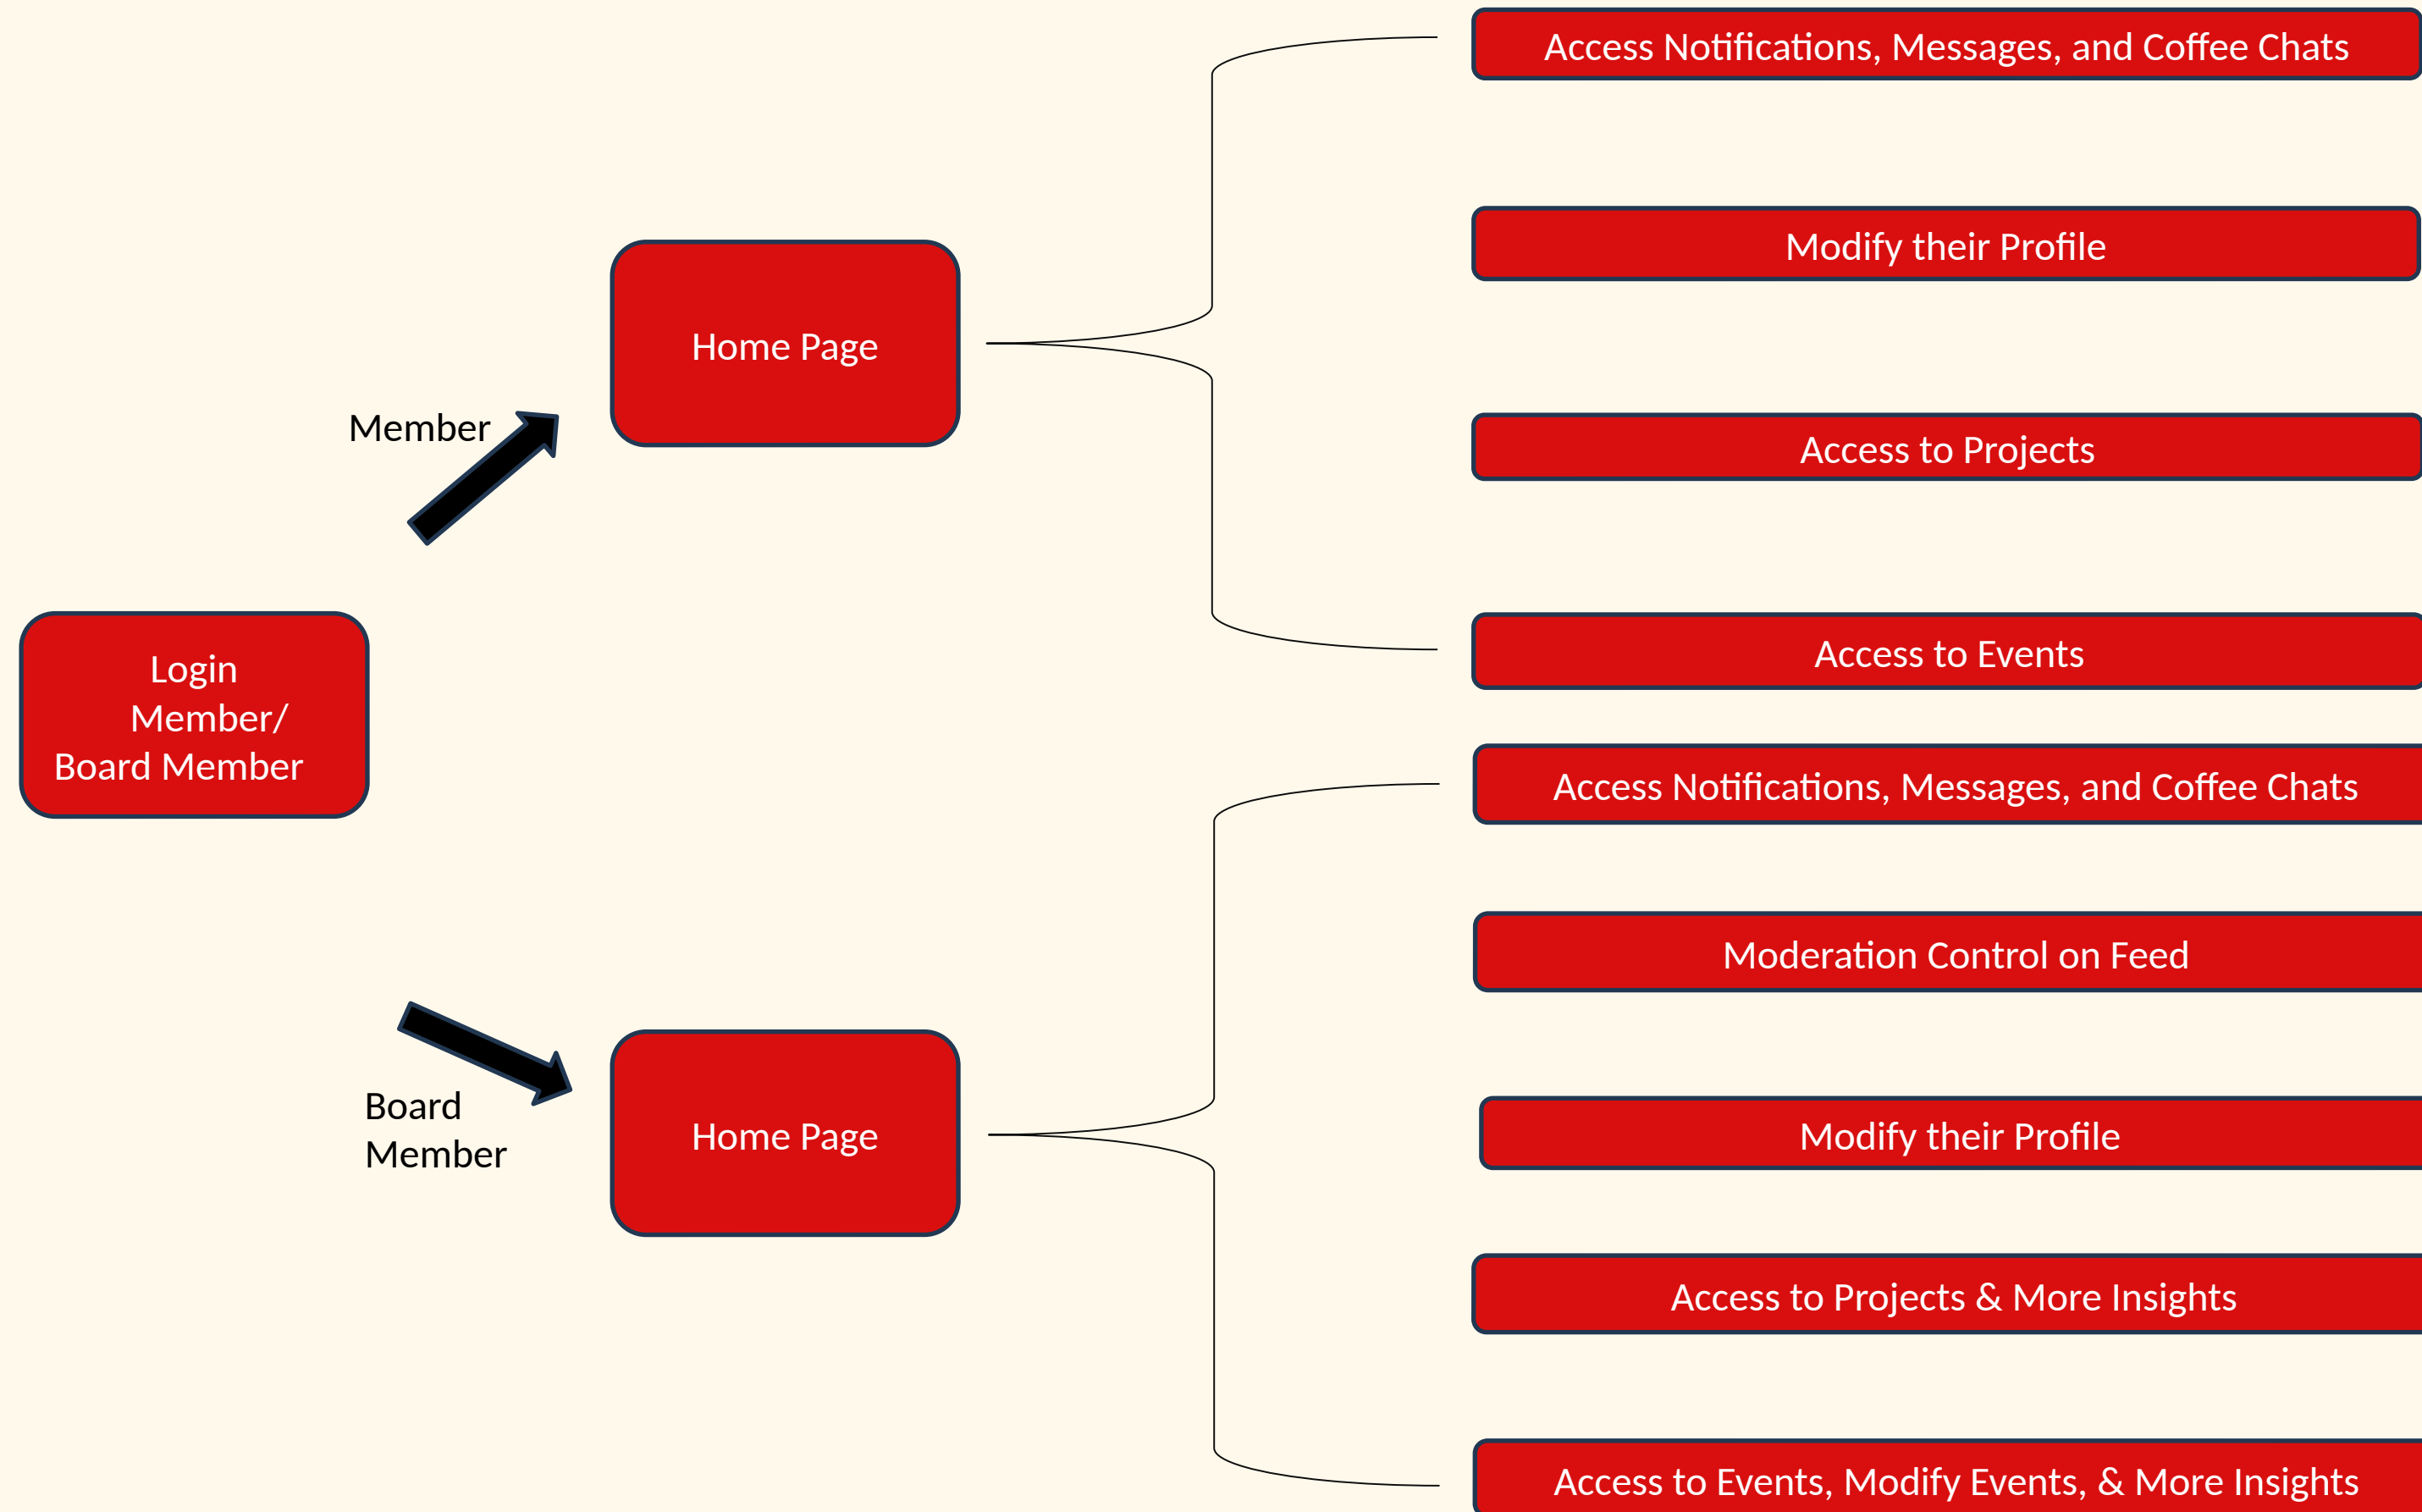

- 1st or 2nd year USC MSBA Student
- Interested in attending BASA events
- Willingness to have coffee chat
- Practice hands-on experience through projects
- Pursuing an internship/job
- Wants to meet more MSBA students

Board Member

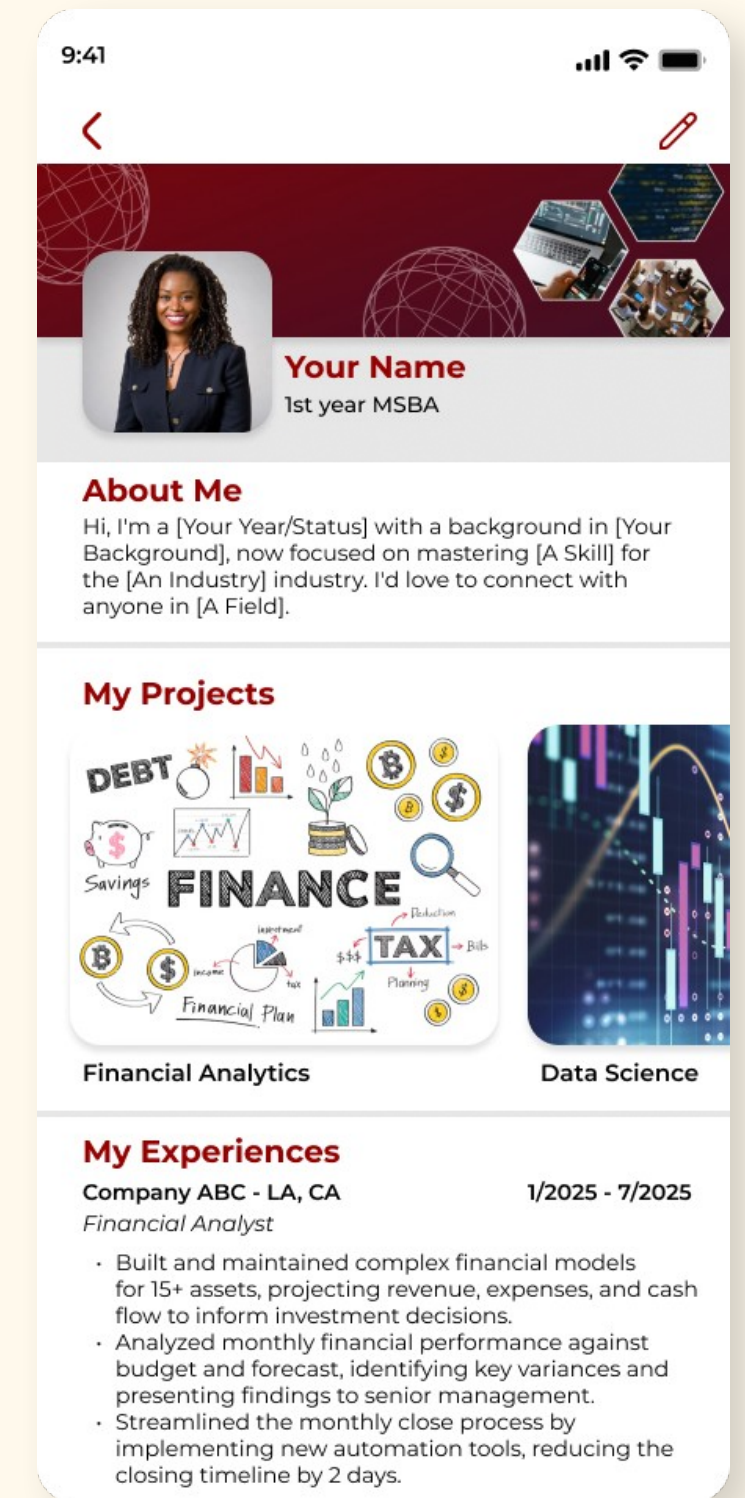

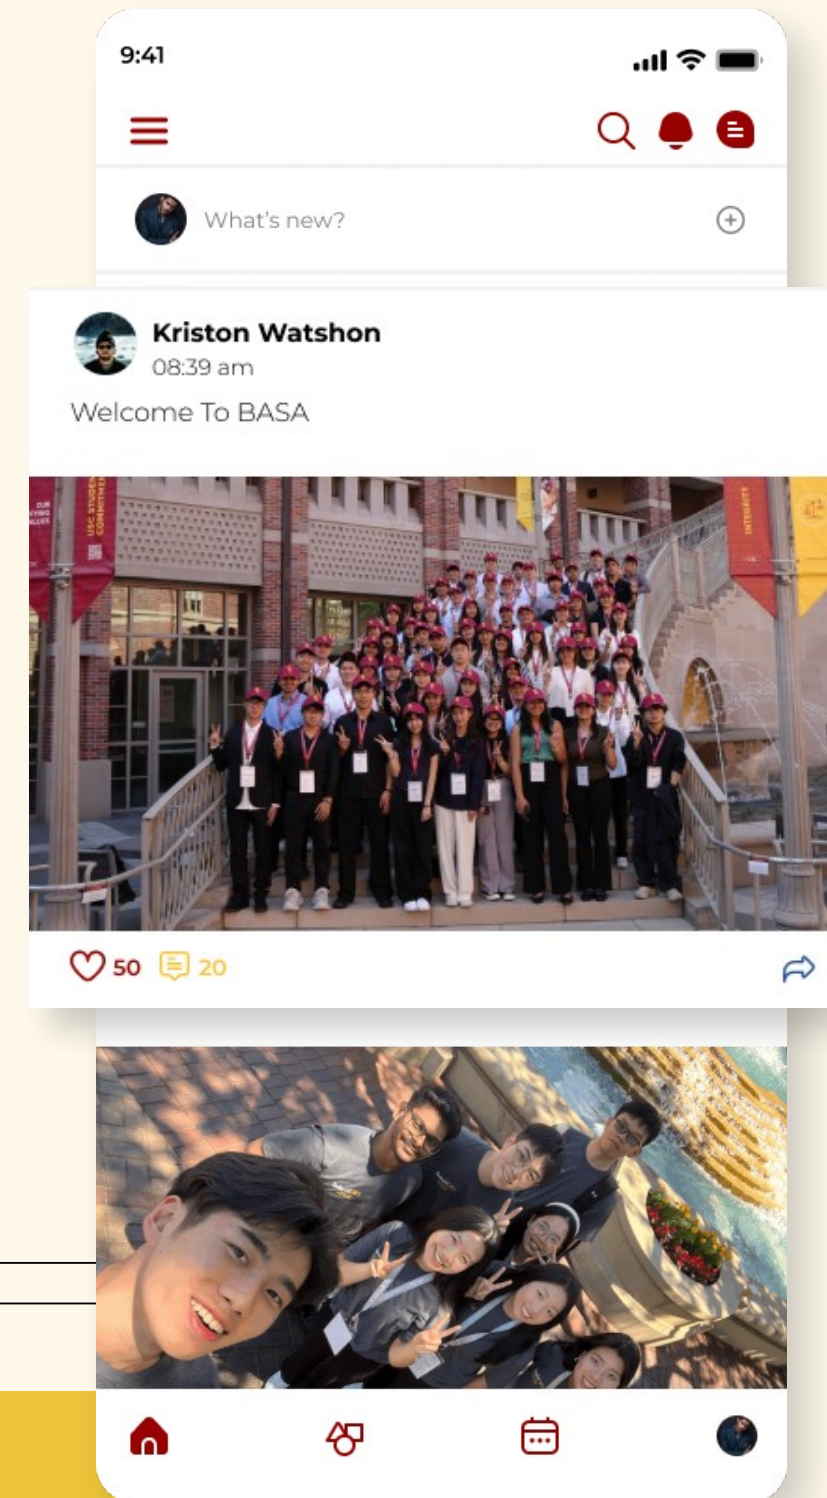

- 1st or 2nd year USC MSBA Student
- Event organizers
- Looks for new opportunities to fulfill the professional, social, and wellness needs of members

User Workflow

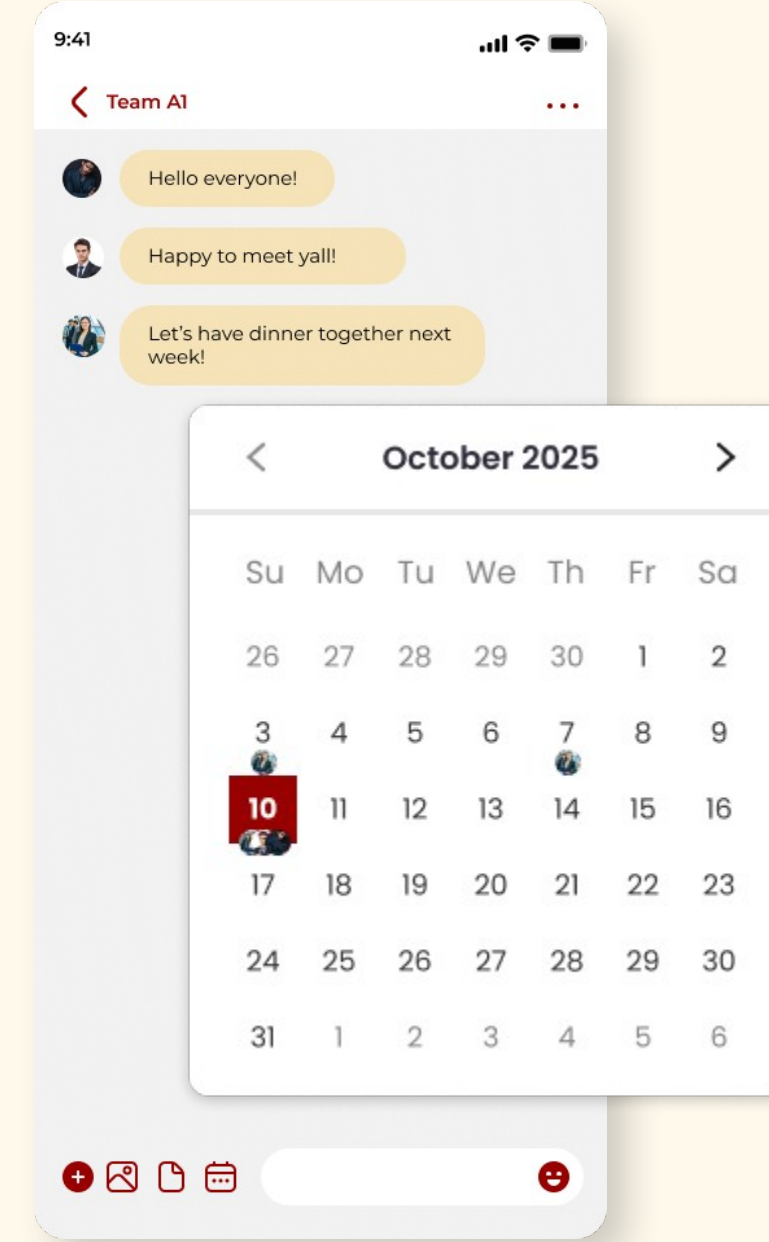

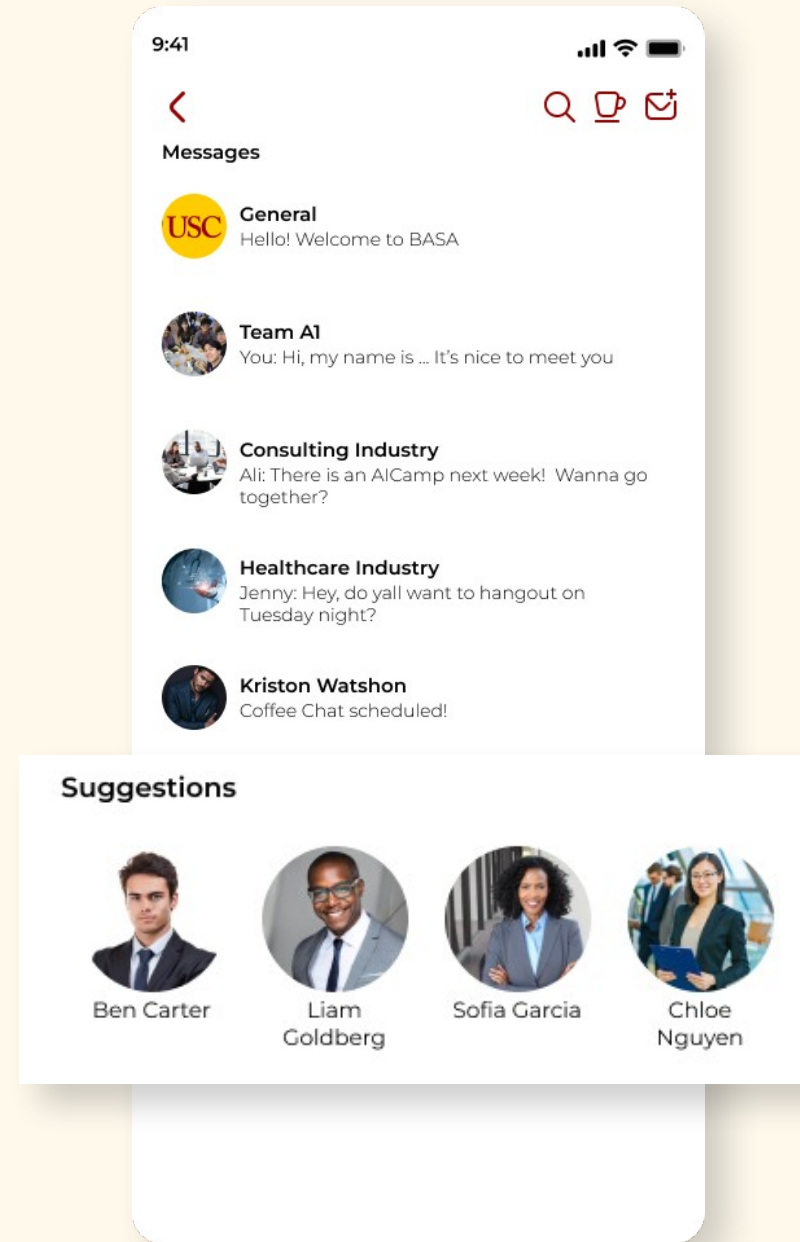

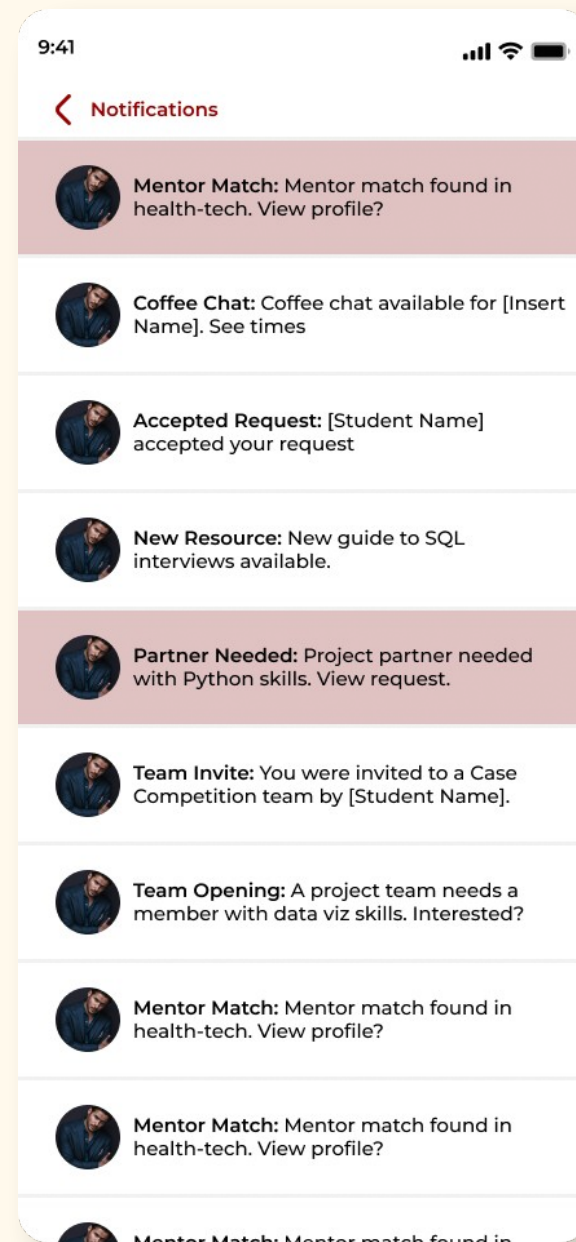

OneBASA – The All-in-one Platform

- Stay up-to-date with the latest announcements, member insights, and career opportunities shared by students and board members
- Find peers with similar goals by highlighting your projects and skills.

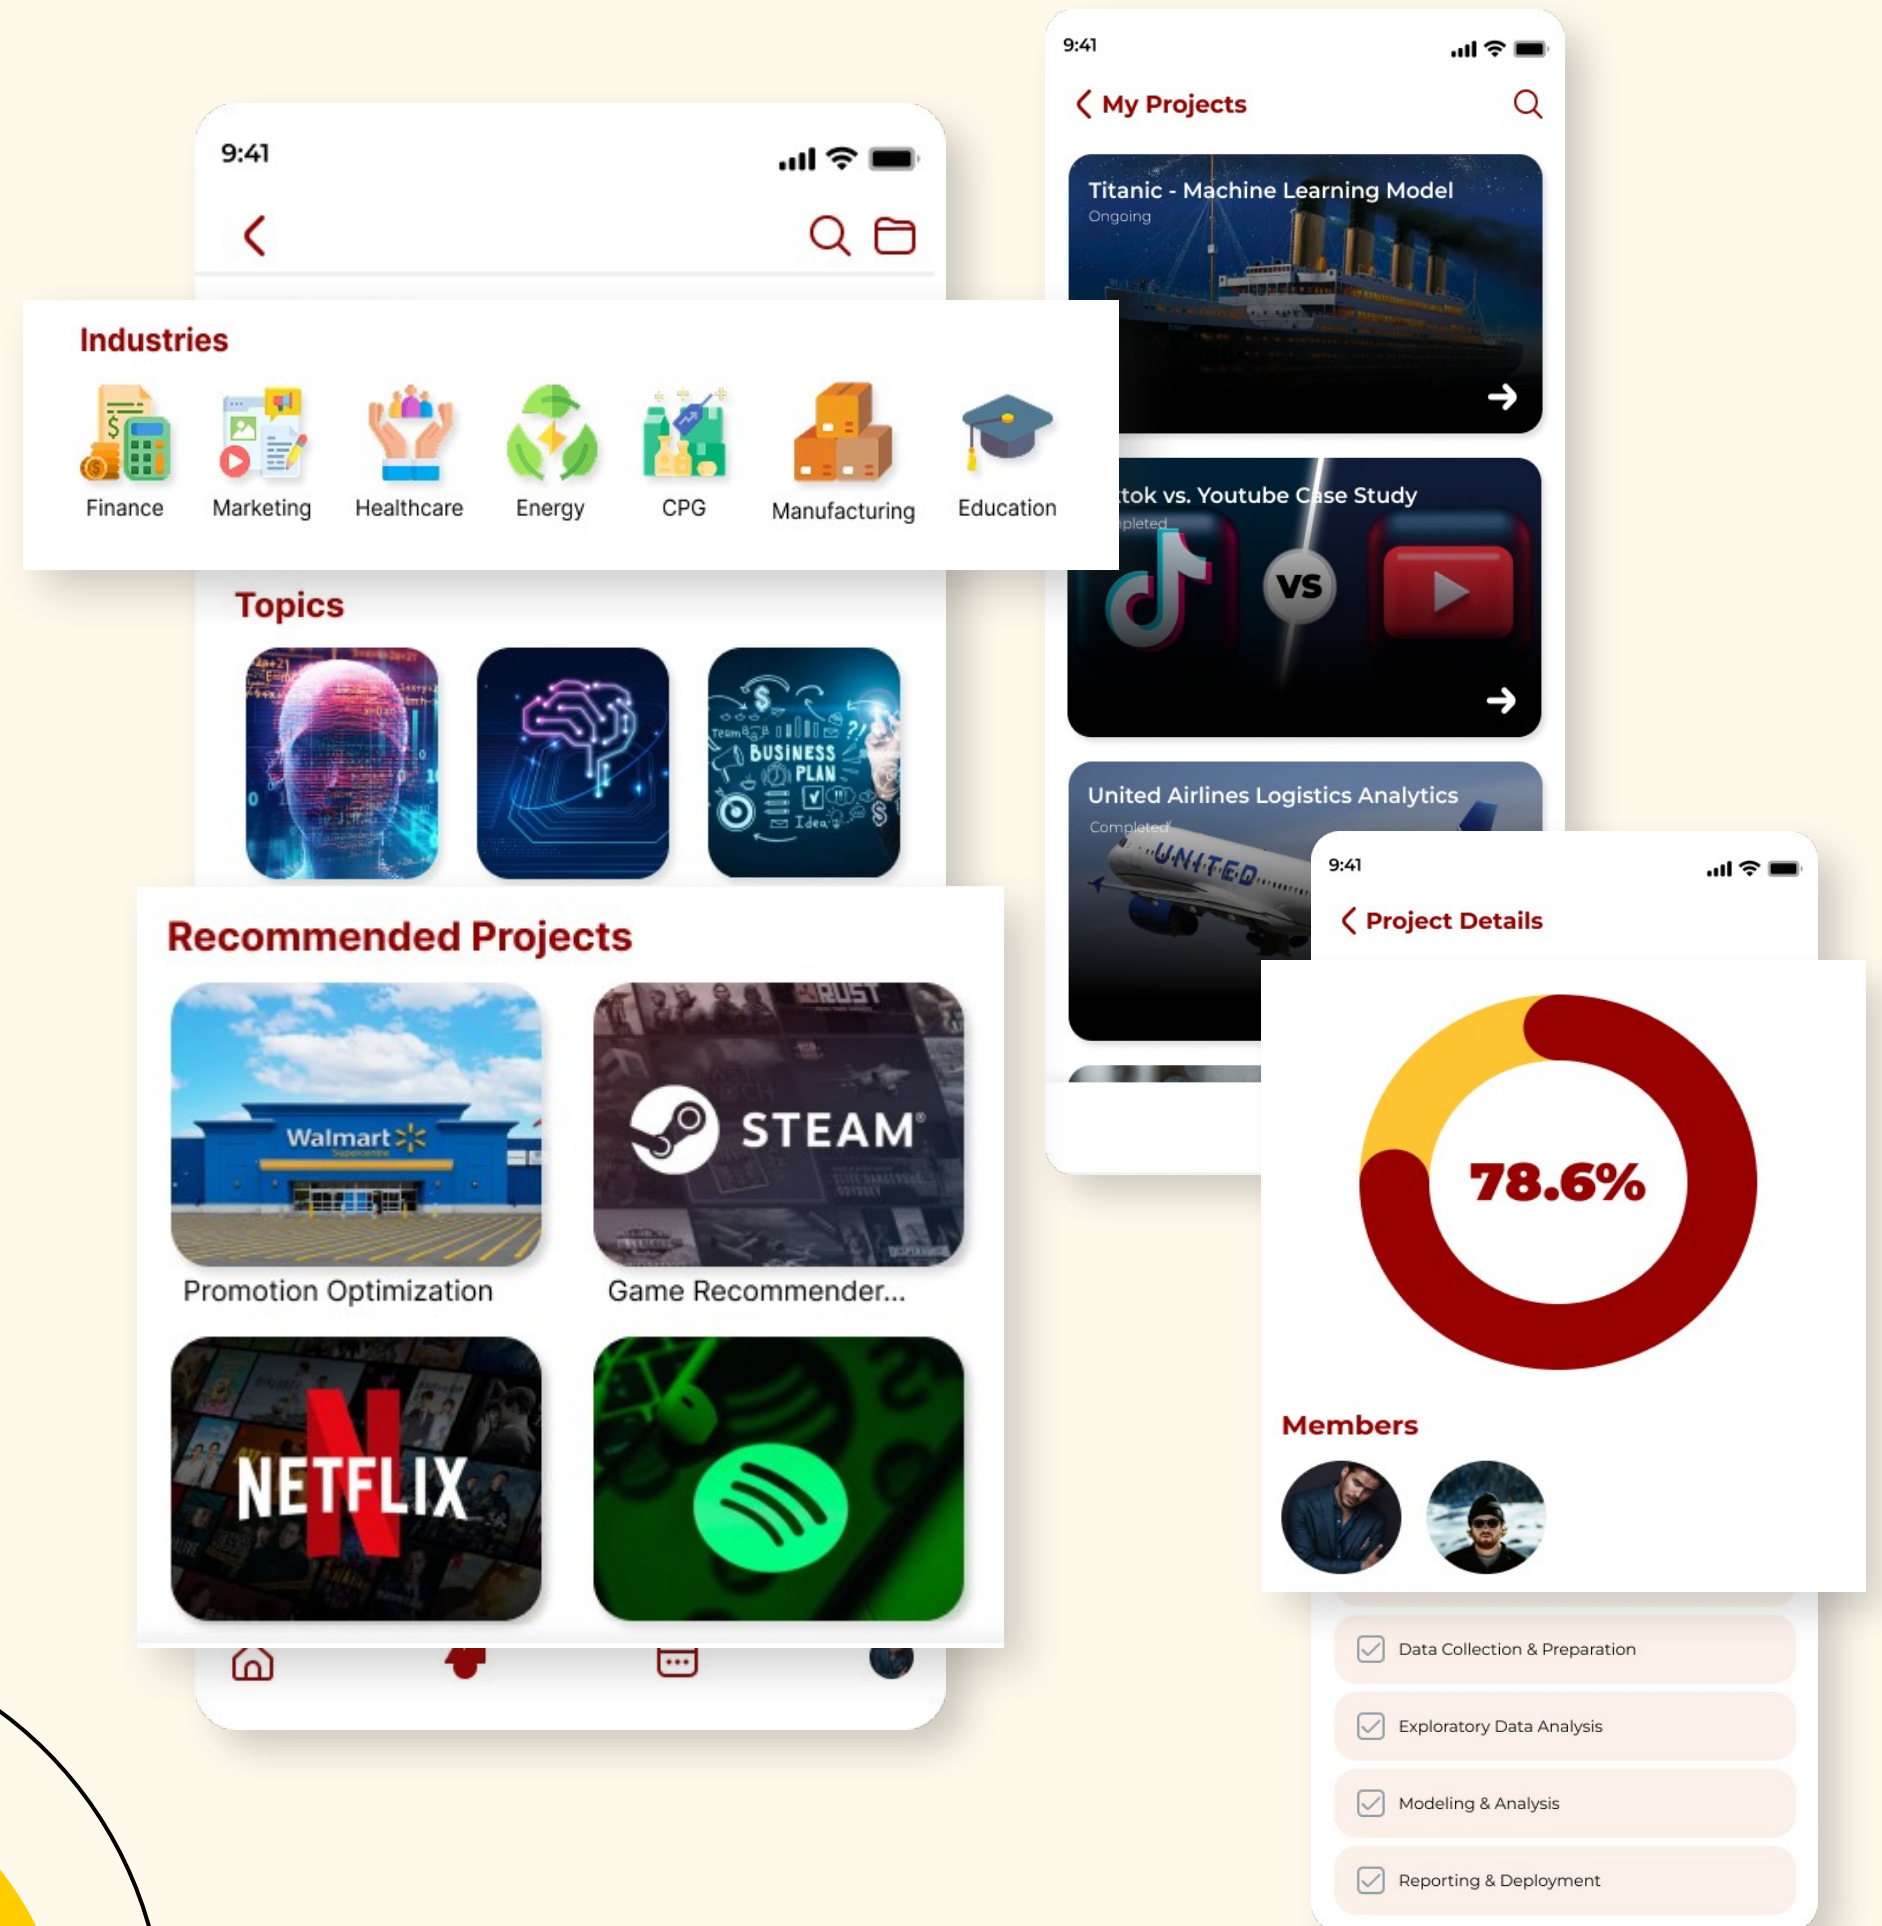

Connection Hub

- Eliminate the guesswork and friction of networking, creating highly relevant connections that lead to mentorship and job opportunities
- Analyze user profiles, course history, and stated career goals to suggest ideal matches for coffee chats
- Quickly check availability and schedule coffee chats in groups and with individuals

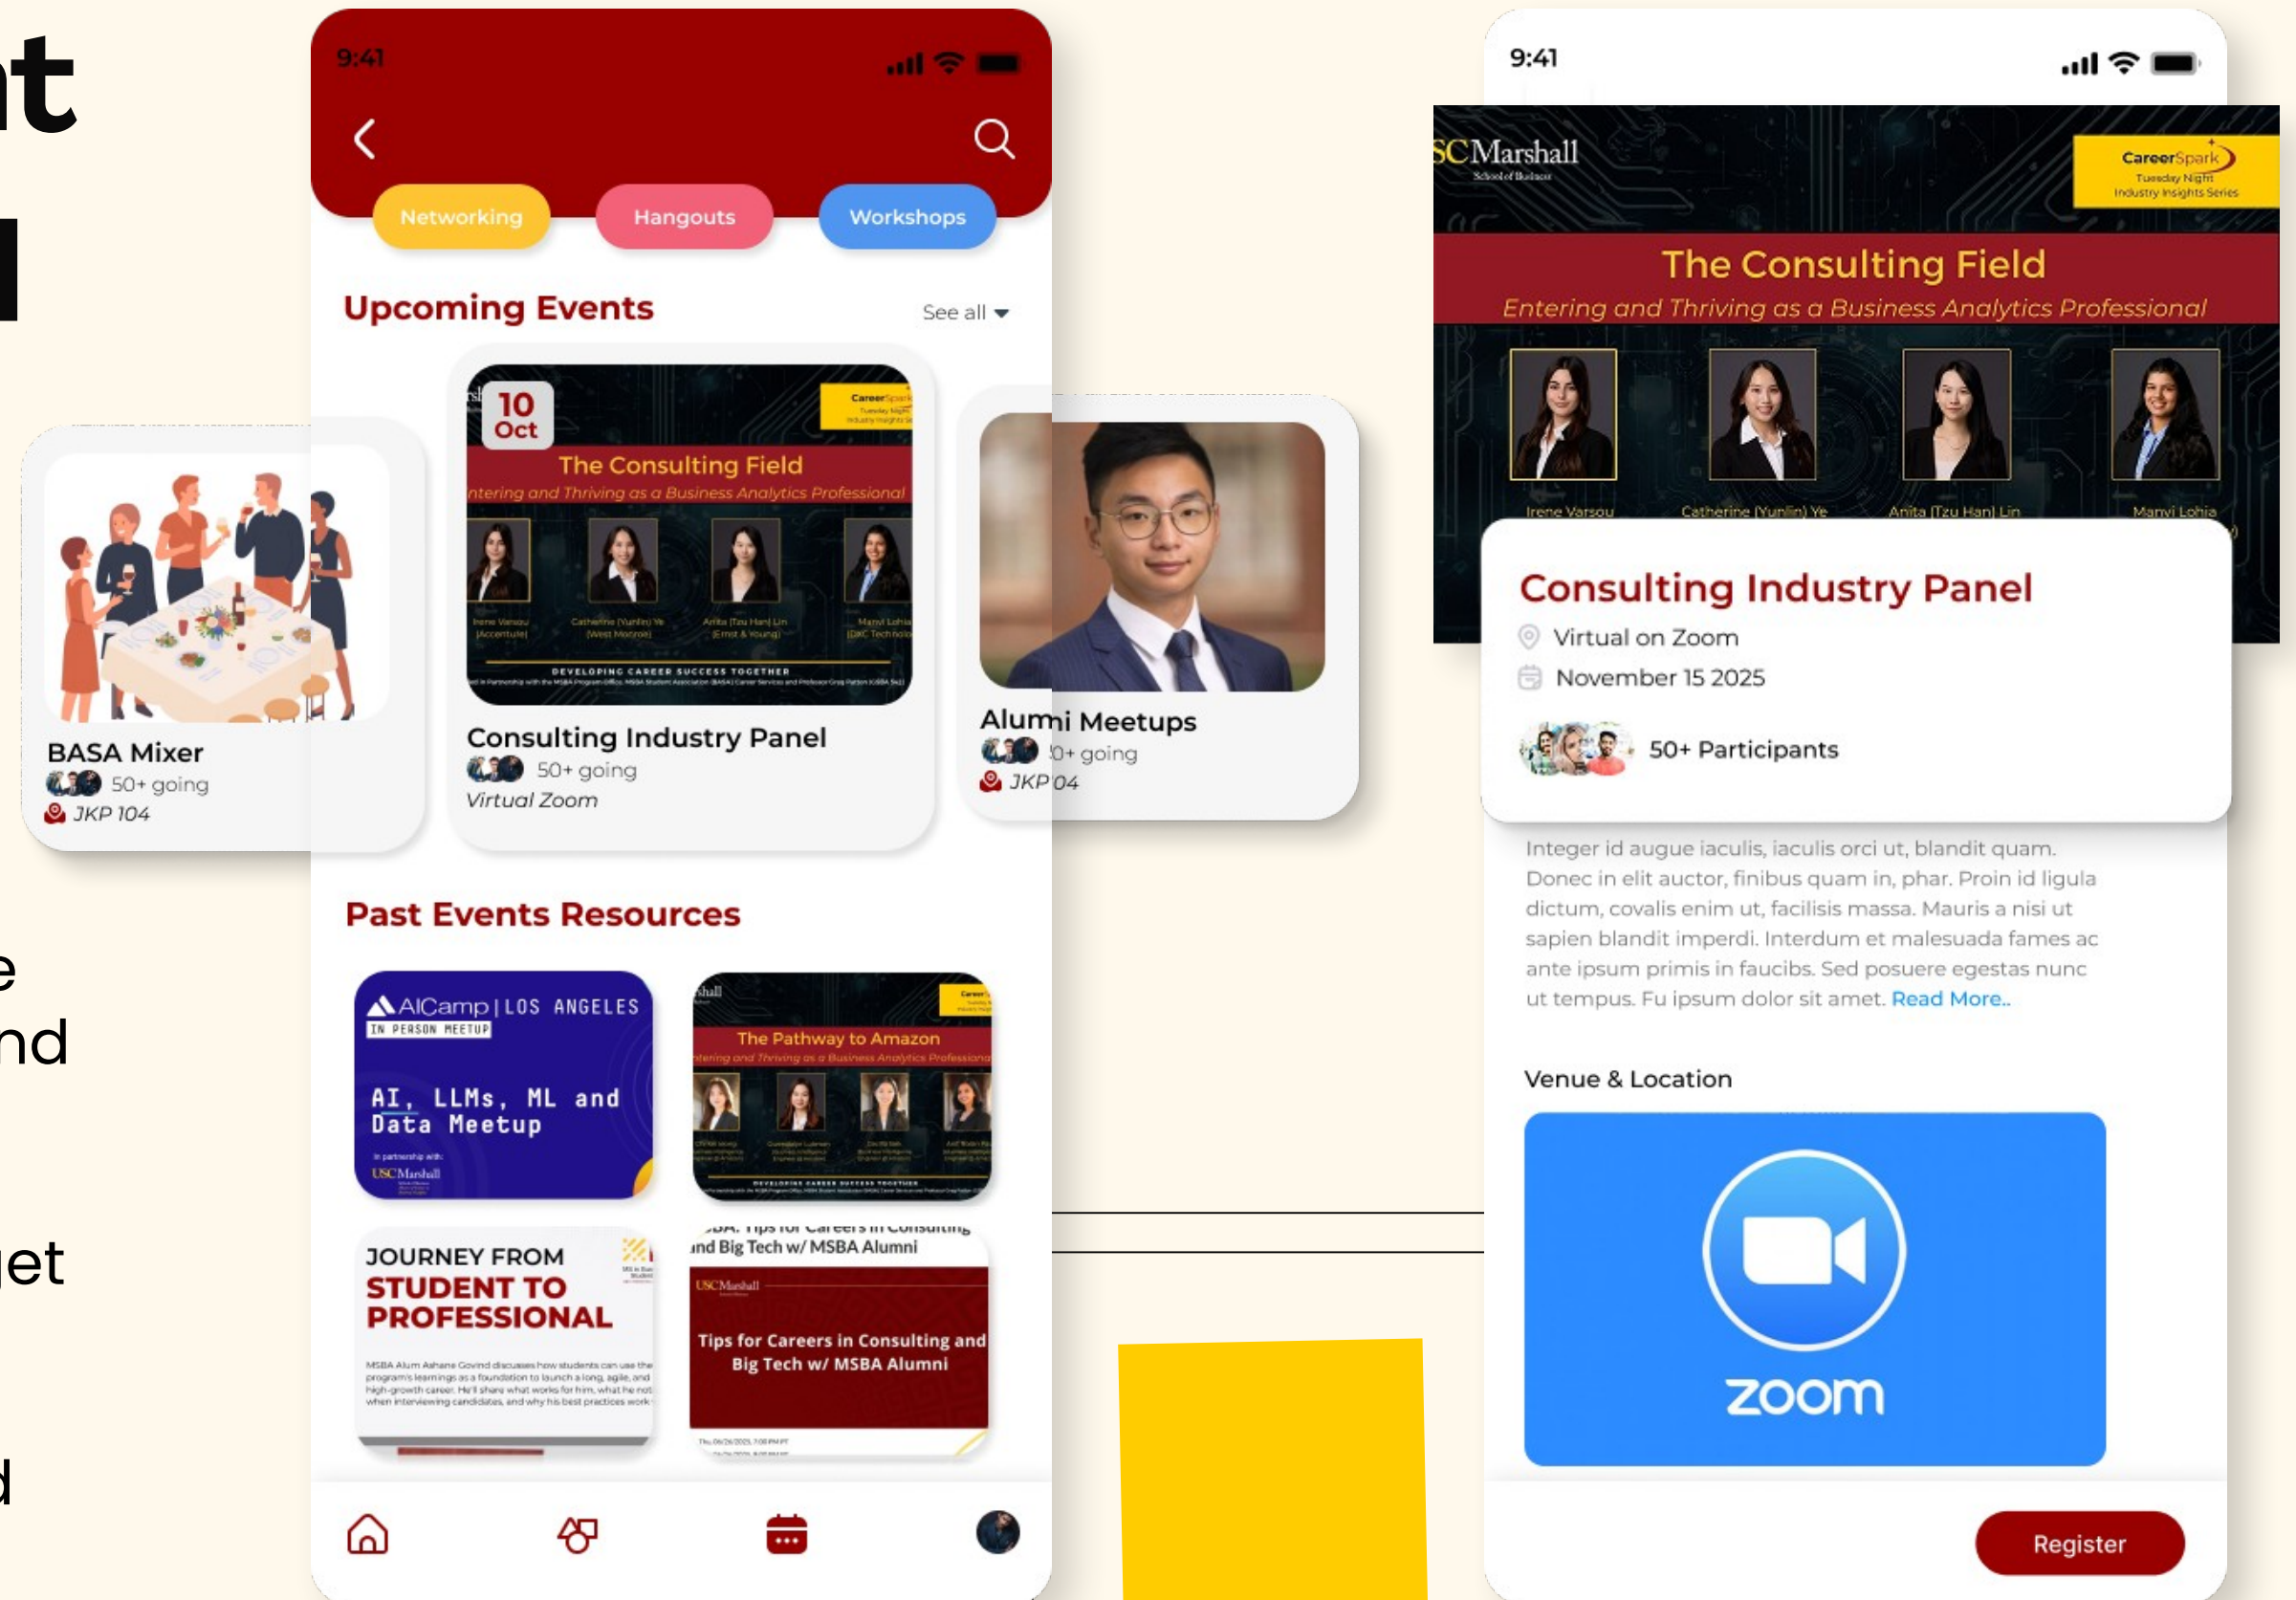

The Collaborative Incubator

- Analyze user data and make projects recommendation based on career goals and interests
- Assist with finding project partners to accelerate resume customization to several industries

Streamline event registration and applications

- Discover and RSVP to all exclusive MSBA workshops, info sessions, and alumni mixers in one place.
- Browse upcoming events, secure your spot with a single tap, and get automatic calendar reminders.
- Your central hub for all official MSBA events. See what's next and register instantly.
